

M'KINLEY WINS OUT IN CULLOM'S STATE

UNANIMOUSLY INDORSED BY ILLINOIS REPUBLICANS.

Admirers of the Ohio Statesman Exhibit the Utmost Enthusiasm at the Result of the Fight over the Resolution—Ticket Complete and Platform Adopted.

Springfield, Ill., May 1.—Though the convention adjourned until 9 o'clock Thursday, it was nearly 10 when Chairman Berry called the assemblage to order. F. M. Troxell of the Grace Lutheran church, Springfield, invoked the blessing of God.

Resolutions of respect and sympathy and sorrow upon the death of William J. Campbell of Cook and Conrad Schrist of Iroquois county were adopted. The convention at once proceeded to complete the ticket, which in full is as follows:

For governor, John R. Tanner.
For lieutenant governor, W. A. Northcott.

For secretary of state, James A. Rose.

For state auditor, James S. McCullough.

For state treasurer, Henry L. Hertz.

For attorney-general, E. C. Akin.

Delegates-at-large:

R. W. Patterson.

Wm. Penn Nixon.

Richard J. Oglesby.

Joseph W. Fifer.

For university trustees.

Capt. T. J. Smith, Champaign county.

F. F. McKay, Chicago.

Mrs. Mary T. Carriel, Morgan county.

Immediately after the announcement of the votes, Charles E. Fuller of Boone county and W. F. Calhoun jumped upon their chairs and shouted: "Mr. Chairman." Mr. Berry recognized Mr. Fuller first, and the Boone county man read a resolution instructing the four delegates-at-large to vote for Shelby M. Cullom in the national republican convention and to use all honorable means to secure his nomination for president of the United States.

S. H. Bethea of Lee county was then recognized. He said: "Mr. Chairman: In behalf of the republicans of north-west Illinois, in behalf of the republican voters of Illinois, I desire to offer the following amendment to the resolution: 'Resolved, That the name of William McKinley be inserted in place of Shelby M. Cullom.'"

A scene of wild excitement followed the introduction of this resolution. W. F. Calhoun appeared on the platform when the excitement was at its highest pitch. He was compelled to wait until strained vocal chords and wearied lungs refused to further show their loyalty to the Ohio man. He then seconded the resolution, in an eloquent eulogy of the apostle of protection.

When quiet was restored Martin B. Madden secured the floor and said: "I simply arise to offer an amendment to the amendment and move its adoption, and I would ask the clerk to read it." The amendment reads as follows: "Amend the amendment by adding the following words: 'And in case of the failure of McKinley's nomination the republicans of Illinois express their unflinching confidence in the broad statesmanship and matchless ability of the Hon. Thomas B. Reed of Maine and the Hon. William B. Allison of Iowa, and will gladly accept either as our national leader in the coming campaign.'"

After a most exciting time the amendment was laid on the table.

This brought the question of instructions to a direct issue. The ballot was at once ordered, and the convention waited anxiously for the beginning of the roll call. Every vote was the inspiration for cheers from the side favored, and as votes piled up in the McKinley column, the McKinley men grew more and more enthusiastic, and their cheers came oftener and wilder until they merged into a frantic roar when the ballot had gone far enough to show that the McKinley men were victorious. The roll call resulted as follows: McKinley, 832; Cullom, 503.

Mr. Fuller immediately arose and said: "It is evident, Mr. Chairman, that this convention and the great state of Illinois is for the apostle of protection—McKinley. I have the consent of the gentleman from Cook, Mr. Madden, that his proposed amendment shall be withdrawn, and I desire on the part of the friends of Senator Cullom to move that the resolution be amended as presented by the gentleman from Lee by the insertion of the name of William McKinley, and that it be adopted unanimously by the convention." It was so adopted amid frantic enthusiasm.

The platform opens with a declaration of loyalty to the fundamental principles of the republican party. The administration of Grover Cleveland is denounced and the charge made that "by the bad administration of good republican laws and the enactment of bad democratic laws, the administration has caused almost as much loss by depreciation of property and almost as much misery as did the civil war of the sixties."

The financial plank is as follows: "Resolved, That we, the republicans of Illinois, are unyielding and emphatic in our demands for honest money. We are opposed, as we ever have been, to any and every scheme that will give to this country a currency in any way depreciated or debased, or in any respect inferior to the money of the most ad-

vanced nations.

CONTEMPT DEFINED BY A NEW MEASURE

IMPORTANT BILL REPORTED TO THE SENATE.

The Measure Classifies Contempts Of Court As Direct and Indirect With Different Procedure For The Latter—Debate On Coast Defenses—Washington News.

Washington, May 1.—Senator Hill, from the committee on judiciary, Thursday submitted a report upon the bill in relation to contempts of United States courts, the senator presenting a new bill as the result of the committee's deliberations. The bill defines contempts to be those committed during the sitting of a court or a judge in chambers in its or his presence; all other contempts are indirect. It provides for the immediate and summary punishment of direct contempt without written accusation. Especial interest in the bill centers in the provision for the punishment of contempt of court committed not in the court's presence, as in the Debs case.

The provision upon this point is as follows: "That upon the return of an officer or process or an affidavit duly filed showing any person guilty of indirect contempt a writ of attachment or other lawful process may issue and such person be arrested and brought before the court, and thereupon a written accusation setting forth succinctly and clearly the facts alleged to constitute such contempt shall be filed and the accused required to answer the same by an order fixing the time and place of hearing; and the court may, on proper showing, extend the time so as to give the accused a reasonable opportunity to purge himself of such contempt. After the answer, or in case of refusal to answer the court may proceed to hear the accusation upon such testimony as may be produced. If the accused answer the trial shall proceed upon the testimony produced as in criminal cases, and he shall be confronted with the witnesses against him; such trial shall be by the court, or, in its discretion, upon application by the accused, a trial by jury may be had, as in any criminal case. If found guilty judgment shall be entered accordingly, prescribing the punishment."

The bill allows appeal to the Supreme court.

A sub-committee of the house committee on labor reported favorably Representative Southwick's bill to protect free labor from convict competition by confining the sale of goods manufactured by convict labor to the state or territory where produced.

PLEA FOR COAST DEFENSES.

Senator White of California Thinks Them Needed More Than Battleships.

Washington, May 1.—The naval appropriation bill was taken up soon after the senate opened Thursday, the pending question being on the number of new battleships. Mr. White (dem., Cal.) spoke the need of an adequate navy, but added that this should not exclude the consideration of land defenses. The senator said the United States had been "on the fight" of late, but the result of a contest with any great power was not open to much doubt in view of our defenseless coasts. Our navy was not of itself sufficient protection. The American people, he said, were traveling around "with a chip on their shoulder." Perhaps it might not be knocked off, but it would be unpleasant to have New York and Boston placed under tribute for a few hundred millions. While not opposing the building up of the navy, he wanted to put out the need of some harbor of refuge for them in case of war.

Mr. Allen (pop., Neb.) said the Venezuelan scare had been started to divert attention from the financial question.

Debate on the Bankruptcy Bill.

Washington, May 1.—The general debate on the bankruptcy bill was continued in the house Thursday. Today the bill is open to amendment under the five-minute rule, and the final vote will be taken at 4 o'clock on Saturday. The friends of the measure are very sanguine that it will pass by a safe majority.

Mr. Bailey of Texas gave notice that he would offer as a substitute his voluntary bankruptcy bill. The surprise of the day was the announcement of Mr. Culberson of Texas, ex-chairman of the judiciary committee, who has always heretofore fought every bankruptcy bill containing an involuntary system, that he would vote for the impending measure.

To Aid Behring Sea Arbitration.

Washington, May 1.—Senator Sherman, from the committee on foreign relations, reported an amendment to the general deficiency appropriation bill, making an appropriation of \$75,000 for carrying into effect the provisions of the treaty with Great Britain for the arbitration of the claims of that country against this, in connection with the Behring sea seizure.

London, May 1.—A Rome dispatch to the Times says there is the best of authority for denying the story sent to the London Chronicle to the effect that the nuncio at Madrid had approached the Spanish premier, Senor Canovas del Castillo, with a view to inducing Spain to accept the mediation of the United States on the Cuban question.

JACKSON TOLD HOW THE DEED WAS DONE

RELATES THE STORY OF THE BRYAN MURDER.

He Lays the Blame For the Tragedy On Alonzo Walling, Whom He Alleges Performed the Fatal Operation—His Case Not Helped By the Facts.

Newport, Ky., May 1.—Only one witness was examined Thursday, and he was Scott Jackson. With little questioning he told how he did not murder Pearl Bryan, and how Walling must have done the whole thing himself. His statement admitted his partnership in the scheme to bring Pearl Bryan to Cincinnati for an unlawful purpose, also an active complicity with Walling in dropping the murdered girl's clothing into the Ohio river. His attempt to explain why he was active in hiding the girl's clothing is looked upon by many attorneys as lame. The prosecution announced that the commonwealth would not cross-examine the witness. Court was then adjourned.

The main purpose of the defense to prove an alibi by Scott Jackson will be supported, if possible, by the testimony of other witnesses. Jackson stated that he did not know Pearl Bryan was in Cincinnati till Tuesday, January 28, when he received a note from her at the Dental College inviting him to visit her.

All the testimony of the witnesses, Mrs. Weeks, the spiritual medium; Mr. Pinkard, who saw him and Walling with Pearl Bryan on College street the day before the murder, and of Foret-meyer, who was with him in Kentucky with the girl shortly before, he emphatically branded as untrue. He admits taking Pearl Bryan to Wallingford's saloon, in the tenderloin district, but says it was Tuesday night, January 28, instead of Friday, January 31, the night before the murder, as testified by Wallingford. He said Walling agreed to relieve the girl secretly, and when all was over and she was fit to be returned home, would turn her over to the witness.

He says he took her valise, the one afterward found stained inside with blood, carried it to his room Tuesday afternoon, and tried to return it Wednesday, but could not find Walling, to whom he intended to give it. He said that Saturday night of the day the body was found, he and Walling dropped some clothing into the river, which Walling without further explanation told him was unsafe to keep in their room. When he made inquiry about the matter, Walling told him to ask no questions. His explanation of his shifting that valise around was very awkward. When called upon to explain why he participated in hiding Pearl Bryan's clothing he said he was actuated by fear that the part he had taken to bring her here to save Will Wood might implicate him.

Federation for Eight Hours.

Indianapolis, Ind., May 1.—The American Federation of Labor will demand eight hours. The carpenters began the movement. President Gompers said that arbitration will be tried, but if not successful other means will be used. The whole federation may be drawn into the eight-hour struggle, said Mr. Gompers, before the question is settled. Mr. Gompers was asked if the American Railway union would give the federation its assistance, and he replied that he doubted that order's stability to give any at all in its present condition.

The case will probably be finished tomorrow.

WHAT CAN BE DONE WITH WHEELS

School Children Have No Place to Leave Their Bikes

One of the questions that are at present bothering Superintendent Mayne is "the bicycle in the public schools." A large number of wheels are owned in this city by the school children who ride them to school. Now the question is, what shall be done with the wheels while the pupils are in school? Superintendent Mayne says that in one room at the Jefferson school there are twelve children who ride their wheels to school and some place must be provided for their accommodation. In the new high school building there is ample room for storage in the basement, but with all of the other schools, places would have to be provided.

PICTURES FOR INSANE PEOPLE

S. T. Merrill Writes The Gazette Regarding Contributions for the Asylum

EDITOR GAZETTE: There are in the Rock county asylum and almshouse about two hundred inmates. The pitiful condition of many of them would undoubtedly be in some measure alleviated, if their apartments could be made more attractive by hanging on the bare walls a few pictures to divert their attention, and by placing within their reach more magazines and illustrated papers, old or new, to turn their thoughts from brooding over their misfortunes.

The trustees do not feel at liberty to authorize the superintendent to purchase reading matter and pictures for this purpose fearing it would be regarded by the public as an act of extravagance. Hence, the inspiration for this note comes from the belief that there are hundreds of chromolithographs, such for example, as were sent out by the Chicago Tribune and Inter Ocean last year, and other kinds of prints as well as of magazines and papers that would be gladly donated if the owners knew that they would do good service at our county institution. If you will ask your reading for contributions in this line to be left at your office you will greatly oblige the trustees and confer a favor on the wards of the county. Yours truly,

S. T. MERRILL.

Not For Carriage Wheels.

It is not generally understood as it should be, perhaps, that bicycle wheels seldom or never are subjected to lateral strains. They need to resist only those strains which pass through their own plane and in this plane only have they any strength worth speaking of. This is worth remembering when the use of wheels of this type is being considered for three or four wheel vehicles, where the conditions are essentially different and where, in turning corners rapidly, or in going over ground that causes the vehicle to be inclined sideways, a very considerable lateral strain may be brought upon the wheels—a strain which the ordinary bicycle wheel is very properly, entirely unfitted for. This is to be considered also in connection with devices for attaching two bicycles side by side to make a duplex or four-wheeled machine of them. Neither the frame, the bearings, nor the wheels of a properly constructed bicycle are adapted to such use without injury.

Learn to Box.

Lord Wolseley, addressing the Brigade of Guards, strongly recommended every soldier to learn how to box. There was nothing, he said, that required more pluck, and nothing so likely to bring out the fine qualities of an athlete.

Doctrine.

To live on doctrine is like feeding a hungry man on the formula of a beef-steak. Catechisms and theologies must be made into the bread of life if the soul would feed on them.—Rev. A. J. Nelson.

THIN PEOPLE.

How the Weight May Be Increased in a Healthful Natural Manner.

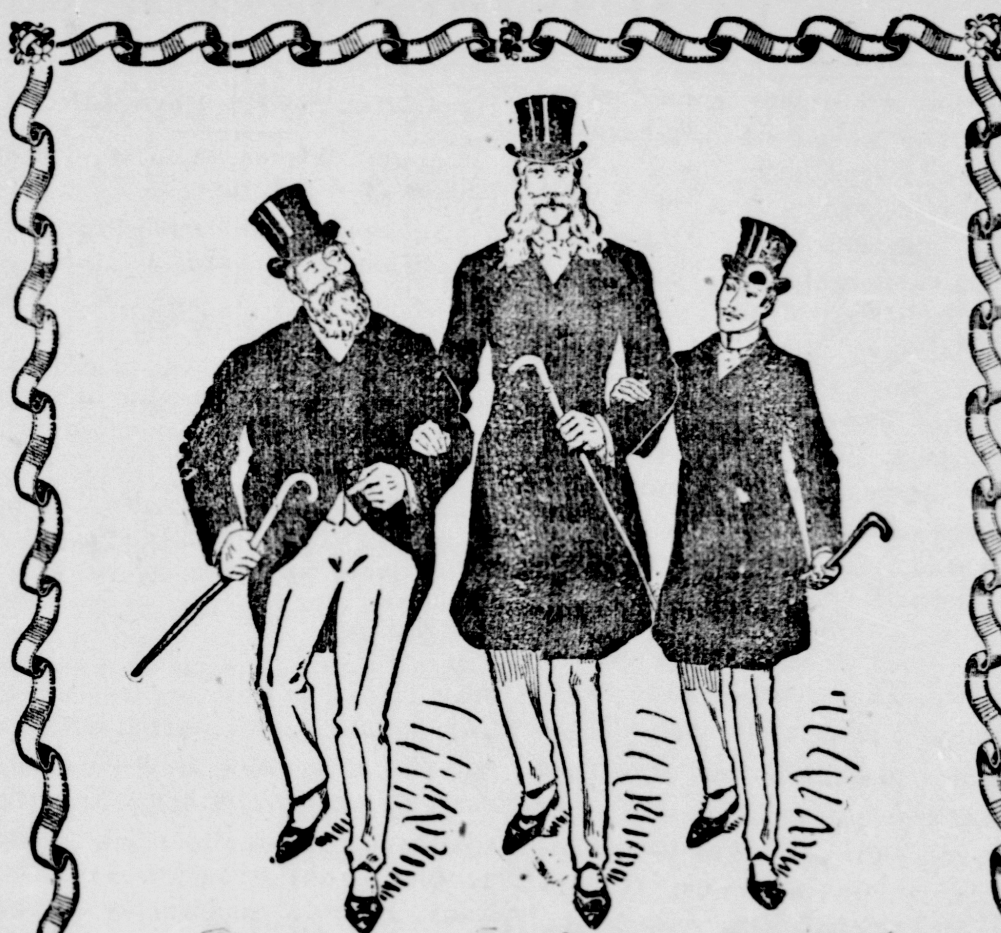

All people who are thin are not necessarily so from disease, it is natural for some to be thin, and no amount of treatment would add an iota to their weight, but the great majority of people are thin because their digestion is not perfect, their stomachs do not thoroughly digest flesh-forming foods, they may not have chronic dyspepsia, but their digestion is not vigorous enough to assimilate the food necessary for robust health and to keep up their weight.

For all such, the new discovery for dyspepsia and indigestion comes as a most welcome addition to the list of meritorious remedies. The new discovery referred to is Stuart's Dyspepsia Tablets, which is not only a pleasant and certain cure for indigestion, but possesses the peculiar power of digesting flesh-forming foods, like meat, eggs and similar ordinary foods, so that the increase in weight is a perfectly natural process. One grain of the digestive principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of flesh-forming food. Dr. Jenkinson recently stated that he depends altogether upon these tablets for the cure of dyspepsia and stomach trouble, and that they not only cure the indigestion, but in every case a gratifying increase in weight was noticed, not fat, but the proper amount of flesh for health and symmetry. Dr. Harland speaks highly of the tablets, not only because they build up flesh and cure indigestion, but they are absolutely safe and harmless, no matter what the condition of the stomach and are excellent not only for the ordinary dyspeptic, but for invalids and children.

Stuart's Dyspeptic Tablets are sold by all druggists at 50cts. per package and a trial will convince anyone of their merits.

FOR CLEAN POLITICS.

In declaring for John C. Spooner for senator, the Milwaukee Sentinel gave a lesson in decent politics. It emphasized the fact that earnest support can be given to one candidate without abuse of another. Said the Sentinel in this connection:

"A number of republican newspapers of the state are engaged in discussing the subject of candidates for United States senator, in case the republicans control the next legislature, if that may be called discussion which consists chiefly in the expression of personal preferences or personal opposition."

"We regret to observe, in some instances, a disposition to belittle and malign prominent and worthy members of the party, who are suspected of senatorial aspirations, in the apparent hope of thereby promoting the success of the person who happens to be the choice of the newspaper writer indulging in such attacks. It is a poor way to promote the spirit of harmony which is essential in order that men may successfully co-operate in a political organization. Indeed, there seems to be growing up among the American people a 'cantankerous' mood which prompts men, unless their individual wishes, preferences, or judgments are exactly complied with, to assail and denounce all who differ with them. In party organizations men are supposed to unite in order to promote certain measures and policies and these must be limited to a small number of cardinal importance, but the present tendency is to give the foremost place to merely personal considerations. If an official appointment is to be made, there may be a dozen or twenty applicants; only one can be appointed; when that one is named, all the others, and their friends, are likely to become the enemies of the president, the governor or the mayor who made the appointment."

"No reason exists for introducing personal malevolence in the discussion of candidates for the senate. A newspaper may express its preference, and give the considerations upon which its preference is founded, without being called upon to attack other persons who are spoken of as candidates. But some journals appear to have a different notion. Thus The Evening Wisconsin, which desires the re-election of ex-Senator Spooner, publishes a scurrilous article respecting ex-Governor Hoard. Nothing has been heard from Hoard to show that he is a candidate; his offense consists in his having been suggested, by several newspapers, as the proper person to represent the state in the senate. There is no evidence, and no probability, that he was consulted by those who recommended him as a candidate. And to make a personal attack on him is not a good way to aid Colonel Spooner, nor is it likely to meet the approval of the latter. Ex-Governor Hoard has a great many friends in the republican party who will resent this coarse and unwarranted attack upon him; and, instead of injuring him, it will tend to stimulate his supporters, should he really enter the field as a candidate."

"If the republicans are accorded the opportunity to choose the next United States senator from Wisconsin, as it now seems probable they will be, it is to be hoped that they will not be governed by mere personal friendship in making a choice, but will endeavor to find the man who will give the state and country the most effective service. There are as yet no declared candidates, but, just as a cat may look at a king, any citizen may become an aspirant, and submit his pretensions to the people and their representatives in the legislature. It is too early, as yet, to assert that this or that supposed candidate is the assured choice of the party and to in-

timate that all others should stand aside. The names of ex-Senators Sawyer and Spooner and of ex-Gov. Hoard have been most frequently mentioned for the office. They are honorable men and trustworthy members of the party. It is unwise for the friends of either to attempt promoting his election by assailing the reputation of the others. There is no probability that Mr. Sawyer has any purpose of being a candidate. He has attained an age when men are not wont to seek the active and strenuous duties of such a position as that of a member of the senate. For Colonel Spooner and Governor Hoard the Sentinel has an equal respect and esteem, as men of high character and honorable aims, who, in the senate, would, to the best of their ability, serve the state and the country at large. If it prefers Colonel Spooner, it is only for the reason that he has had a larger experience in public life, and has already demonstrated his capacity to take a prominent and leading place in the senate. He would have no apprenticeship to serve; he is familiar with the rules and usages of that body; he would at once be given a better position on the committees and wield an influence which would not be accorded to a new and untried man. For these reasons, and because it believes that the state should choose a senator not to gratify the wishes or ambitions of an individual, but to secure for itself the best possible service, The Sentinel thinks that Col. Spooner should be returned to the senate."

MACLOON IS NOT THE WHOLE THING

AND JANESVILLE WILL GET THAT DEPOT.

William Henry Harrison May Think the Entire Matter Rests On His Shoulders, But The Gazette Was Not Basing Its Article On What He Said Or Did.

Janesville is slated for a new passenger depot by the Chicago & Northwestern Railway Company.

The piece of land on which one can be built, however, is much too small, unless the city will vacate Wall street, so as to allow the long vestibule train to get up to the platform.

"Who says so?" Why, W. A. Gardiner, superintendent of this division, the man who has charge of all such work in this territory.

Perhaps William Henry Harrison Macloon doesn't know this. Perhaps, also, William Henry Harrison is not "the whole thing" in this good town, and there may be a cloud on his title as manager of the universe.

Janesville is to have a new depot, but it will not be secured through the efforts of William Henry Harrison Macloon, of 102 South Jackson street. Oh! No.

The man who has set the wheels in motion, and the man who is keeping close watch of all the details is quite another person.

He is Captain W. T. Vankirk, president of the Janesville Business Men's Association.

Wasn't Quoting Mr. Macloon.

William Henry Harrison may have thought that when The Gazette printed a story about the depot matter, that it was figuring wholly on what William Henry Harrison had done and would do, but such was not the case.

William Henry Harrison causes a lot of correspondence to be printed in a certain paper, charging The Gazette with being unreliable. Perhaps it is, from William Henry Harrison's standpoint, but information concerning a new depot that William Henry Harrison possesses, is valuable to this paper, so we'll let it go. The Gazette's article didn't deal with his side of the matter, and does not now. In order that "the public may be correctly informed," as William Henry Harrison says, The Gazette will state that some time ago Captain W. T. Vankirk was requested by the Business Men's association, as the president of that organization, to call on Superintendent W. A. Gardiner, of the C. & N. W. road, and see what could be done in the way of getting a new depot. Mr. Gardiner said that the city "was slated for a depot," but that at present there was not land enough at the command of the company to build one on. This town, he said, was one of the best in the state, and it deserved a depot. Vacating Wall street would give land enough. Both roads have had much trouble and many accidents at that point. The question of room enough to build on is the most serious one, at present, and the largest obstacle in the way of Janesville's securing the much wanted structure.

All this The Gazette said a few days ago.

"I do not care to discuss the question," said Mr. Vankirk this morning, "as I wish no newspaper notoriety in the matter, but as you ask me I will say that I had two interviews with Mr. Gardiner. He said that Janesville was 'slated' for a new depot, but that the lack of room was the serious drawback."

Macloon On the Outside.

Mr. Macloon may have thought that he must write to President Hugh H. in person, and that The Gazette could not have referred any plans but those of himself. If so he was mistaken.

The Gazette referred to Mr. Macloon's petition, etc., incidentally in the course of the article that dealt with the other phase of the question.

While Mr. Hughtitt is the president of the road, he will hardly interfere with the management of Mr. Gardiner's division, even while laboring under the excitement of receiving a personal letter from William Henry Harrison Macloon.

"When you see it in the Gazette," Mr. Macloon, "it is new and true."

ARBOR DAY MARKED BY LOCAL PUPILS

THE CELEBRATION WAS A MEMORABLE ONE.

Exercises In All the Schools In the Morning, and the Field Day Contests and Ball Game In the Afternoon—The Results Of the Sports.

Janesville school scholars made this Arbor Day a memorable one. They sang and recited, and read, at the various buildings in the forenoon, each class presenting a programme appropriate to the day. Following the literary exercises, the classes planted trees and flower seeds under the direction of their teachers, and when this pleasant duty was done, the pupils were excused for the day.

For the older ones, however—the boys with the hard muscles, and the girls who cheered them on in feats of strength—there was something more interesting. It was the field day programme that was presented at Athletic Park. The games began soon after 1 o'clock, and included a one hundred yard dash, in which eight young men entered; pole vaulting with six contestants, and so on down through the list.

The athletes were all on their mettle, as today's contests will decide who will represent the High school in the inter-scholastic state contest to be held at Madison, June 6th. Those ranking first and second in each event will be eligible to enter this contest and they all wanted to win the honors.

Names of the Winners.

The events, those entered, and the results so far as had been decided at 3:30 o'clock this afternoon were as follows:

One Hundred Yard Dash—Phillip Casford, John Whiffin, Fred Blakeley, Richard McNeil, Henry Scott, W. Steadman, H. M. Joyce and Clarence Smith.

Fred Blakeley, first, ten seconds. Richard McNeil, second.

Pole Vault—Richard McNeil, Sam Echlin, Cecil Duke, W. Steadman, Archie Wray and John Whiffin.

Samuel Echlin, first, 8 feet 7 inches. Richard McNeil, second.

220 Yard Dash—Phillip Casford, Fred Blakeley, Henry Scott, H. M. Joyce, and Clarence Smith.

Fred Blakeley, first, 23 1-5 seconds. Henry Scott, second.

Running Broad Jump—Phillip Casford, Fred Blakeley, Henry Scott, Cecil Duke, Hugh Hemmingsway, W. Steadman, and John Whiffin.

Phillip Casford first, 17 feet, 9 inches. Hugh Hemmingsway second.

Putting Twelve Pound Shot—Fred Sutherland, Richard McNeil, Henry Scott, Sam Echlin, Guy Stoller, Hugh Hemmingsway and John Whiffin.

W. D. Smith, Archie Wray, and W. Steadman.

Fred Sutherland first, 35 feet, 8 1/2 inches. Richard McNeil second.

120 Yard Hurdle Race: Hurdles eight feet high—Henry Scott, Fred Blakeley, Sam Echlin, Cecil Duke, Clarence Smith, and Hugh Hemmingsway, W. D. Merritt, Phillip Casford, Boyd Nott, and H. M. Joyce.

Henry Scott first, 17 1/2 seconds. Samuel Echlin second.

Throwing Twelve Pound Hammer—Fred Sutherland, Clarence Smith, Richard McNeil, John Whiffin, Fred Blakeley, Ralph McGuire, Boyd Nott, I. Mitmore, A. Wray and W. D. Merritt.

One Mile Walk—Clarence Smith, Ralph McGuire, W. D. Merritt, A. Wray and W. Steadman.

W. D. Merritt, first—10 minutes; Clarence Smith, second—29 1-5 seconds.

The Base Ball Game

Much interest centered in the base ball game between Janesville and Beloit High school teams. The game was the first of the league series, the Janesville school now being represented in the State High school league. Consequently feeling ran high and both teams were determined to win the opening contest. The game was scheduled to begin at 3:30 o'clock but it was later than that when the umpire called "play ball."

The teams batted as follows:

Janesville. Position. Second base

Henry Scott. Short stop

Edward Williamson. Third base

Edward Peterson. Pitcher

Fred Blakeley. Left field

Henry Carpenter. First base

George Barker. Catcher

Will Steadman. Center field

Theodore Smith. Right field

Fred Palmer. Position.

Beloit. Catcher

F. Strathers. Pitcher

G. Cookley. First base

H. Mills. Second base

E. Cornman. Third base

E. Rathbun. Short stop

H. Sherman. Left field

J. Chambers. Center field

R. Adams. Right field

C. Munn. Position.

At 4 o'clock but half of the first inning had been played, and the rain had begun to fall.

An interesting musical and literary programme was rendered at the State School for the Blind this morning, in honor of Arbor Day. James E. Heg, and Richard Guenther, of the State Board of Control, were present. The seniors planted a hard maple tree, while the other scholars joined in transplanting an elm.

has brought about an evolution in cooking.

But a few years ago people knew little of the use of gas for anything but for lighting purposes and little dreamed that in so short a time it would be used in stoves for cooking and heating with great success.

But few housekeepers there are in the city who will do without a Gas Stove, especially for warm weather use. Nine out of ten houses have Gas Stoves in them, and every day we are adding to the list of people who like conveniences.

A DIME FOR DIGESTION.

The Way to Help Your Stomach Out of a Difficulty.

When you are taken sick with pain in your stomach or chest, nausea, vomiting, headache, dizziness, neuralgia, flatulence, constipation, mental depression, weakness, languor, loss of appetite and other similar symptoms, you are infected with the poisons of indigested food.

Your stomach needs help. A dime syent for a sample bottle of the Shaker Digestive Cordial will cure you whether or not to expect help from that source.

If you really are a dyspeptic, it will relieve you after a few doses. Then keep on till you're cured. If not, don't take any more, you're no dyspeptic.

Indigestion or dyspepsia, is a dreadful disorder, all the more that some people do not believe in its dangerous. That is because they don't die of indigestion, but of rheumatism, consumption, pneumonia, and other diseases which they never would have "caught" if their bodies hadn't been starved and weakened with indigestion.

Shaker Digestive Cordial acts upon food in your stomach and helps to digest it and dissolve it. In this way it aids the stomach to do its work without effort and creates new strength and life for your whole body.

At druggists. Ten cents for a trial bottle. Write to The Shakers, 30 Reade Street, New York, for an interesting book.

 Lawyer (hotly)—Do you mean to say, sir, that you do not consider Mr. De Lyre a man of his word?
 Witness—I do.
 "You do, eh? Do you mean to insinuate that he ever lies?"
 "That's about it."
 "Now, sir, attention! Do you mean to say that you would not believe him under oath?"
 "No, I have not said that."
 "Oh, ho! I thought I'd catch you. Then you don't say you would not believe him under oath?"
 "No. I haven't heard him do any talking under oath yet."—N. Y. Weekly.

Where He Failed.
 He had traveled through Sahara, braved the dangers of the Nile; Defeated enraged Mussulmans, and dined on crocodile; Knew everything of politics, religion and the law; Could box and fence, and row a race, and please his mother-in-law. In short, had all the accomplishments of men both great and wise; But he couldn't run a business, for he wouldn't advertise.

A Proposition.
 "Look here, Bill!" said the Jaytown barber, addressing the village carpenter.
 "I'm a-lookin'!"
 "Tell you what I'll do, I'll shingle your hair, and your two boys' an' your brother John's an' your Uncle Ezra's, if you'll shingle my kitchen roof?"—N. Y. World.

Why Is It?
 "In view of the number of people one meets who know it all," he said reflectively.
 "Yes?" said his companion inquiringly, as he paused.
 "It does seem strange," he continued, "that any government should ever make a mistake or be at a loss to know what to do."—Chicago Post.

Probably Not.
 May — If a fellow with a million should propose to you would you tell him that you loved him?
 Agatha—No, indeed.
 May—Why not? Sense of womanly chivalry, I suppose.
 Agatha—Oh, no; it simply wouldn't be necessary to tell him, that's all.—N. Y. World.

Quite Natural.
 Hoax—There was a fellow in court to-day charged with stealing a horse and leaving his bicycle in place of it.
 Joax—What did they do? Convict him?
 Hoax—No; the jury were all cyclists and they recommended that the prisoner be sent to an insane asylum.—Philadelphia Record.

Not Serious.
 She—Mercy! This account of the ball game says that one of the players died at first base.
 He—It is only a figurative expression. You will find it used in the same sense in the war news from Cuba.—Brooklyn Life.

To Skeptics...

You have a right to disbelieve us if you are a stranger to our clothing. When we claim that our clothes are as good in material, as good in tailoring, and as good fitting clothes as your tailor can produce, you have a right to doubt. But have you a right to deny the facts until you are able to disprove them? Maybe you are basing your doubts on the way ready-to-wear clothes were made ten or a dozen years ago. If that's the case we can certainly open your eyes if you'll take the trouble to investigate our argument. There's been a mighty change wrought in some makes of ready-to-wear clothing within the past ten years, and the makes we handle have been the chiefest improvers.
